

## Thunderbolt 3 to Thunderbolt Adapter

StarTech ID: TBT3TBTADAP

With this adapter, you can connect newer Thunderbolt™ 3 computers to legacy Thunderbolt devices, such as external hard drives, Thunderbolt displays, and older Thunderbolt capable Mac computers. Newer Thunderbolt 3 computers include the latest models of Dell™ Precision and Dell XPS.

Because this adapter is backward compatible, you can connect to first-generation Thunderbolt devices at 10Gbps speed. With Thunderbolt 2 devices, you can connect at 20Gbps. The adapter supports bi-directional data transfers and simultaneous power delivery for bus-powered devices.

**THUNDERBOLT™**

The TBT3TBTADAP is backed by a 2-year warranty for guaranteed reliability.

## Applications

- Connect first-generation Thunderbolt and Thunderbolt 2 devices to newer Thunderbolt 3 computers, such as models of Dell™ Precision and Dell XPS, and more

## Features

- Cost-effective solution for connecting legacy Thunderbolt peripherals to newer Thunderbolt 3 laptops or computers
- Compatible with first-generation Thunderbolt and Thunderbolt 2 devices
- Thunderbolt Certified
- Supports power delivery for bus-powered devices

**Technical Specifications**
