

Get it done in style everywhere you work

Meet the new Surface Laptop Go for Business

Simplifying essential everyday experiences

Our lightest Surface laptop yet is big on the features you want in an everyday laptop.

- The latest processor, to run professional-grade software and your essential apps
- All-day battery life¹ and Fast Charging² to get from empty to full faster
- Instant On and Fingerprint Power Button with Windows Hello and One Touch sign-in, to get you back to work quickly
- Radiant Omnisonic speakers, dual far-field Studio Mics, and a front-facing 720p HD camera for crisp virtual meetings
- Industry-leading typing comfort with a full-size keyboard and precise trackpad for easier navigation

Surface for Business unlocks more value

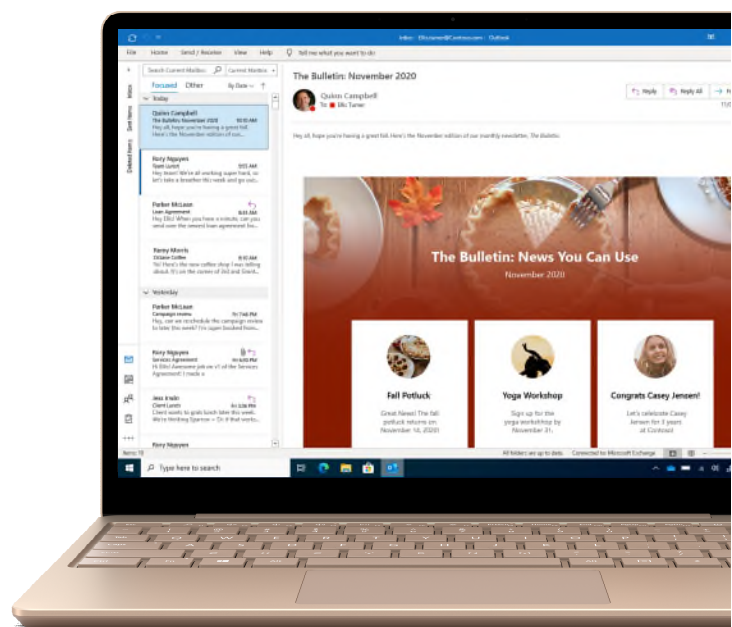

Save time and money. Give your IT team peace of mind. Surface lets you streamline deployment, easily manage devices, and rely on trusted Microsoft security.

- Hardened firmware adopted from a Microsoft open-source UEFI,⁴ and security that extends from the operating system to the cloud.
- Make the most of your investment in Microsoft 365,* Windows 10 Pro, and Office 365.*
- Use Advanced Exchange,⁵ a service offering with expedited device replacement, at no additional cost.
- Bring cloud-first device deployment and management to your IT ecosystem with Microsoft Endpoint Manager* and DFCL.⁴ Use Windows Autopilot to reduce IT complexity by deploying straight to your employees.

Style and productivity go great together

Extend your style to your laptop with a choice of stunning, modern colors. See and do more on an ample touchscreen.

- At just 2.45 pounds (1,110 g), you'll take Surface Laptop Go with you everywhere.
- Choose from colors that complement your style, and a finish that stands up to daily use. Comes in Platinum, Ice Blue, and Sandstone.⁶
- Have more screen space and work naturally so you're most productive, with a vibrant 12.4"⁷ PixelSense™ touchscreen display with narrow bezels and our Surface signature 3:2 ratio.

¹ Surface Laptop Go battery life: Up to 13 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in September 2020 using preproduction software and preproduction configurations of Surface Laptop Go Intel® Core™ i5, 128GB, 8 GB RAM Microsoft Surface® Edition devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Auto-Brightness disabled. Wi-Fi was connected to a network. Battery life varies significantly with settings, usage and other factors.

² Go from low battery to full fast--80% in just over an hour. Testing conducted at Microsoft in September 2020 using pre-production devices and Software. Tested with the inbox SurfLink 39W PSU under controlled conditions with device in hibernate or off state. Device was powered on to desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23C.

⁴ Surface Go and Surface Go 2 use a third-party UEFI and do not support DfCI. DfCI is currently available for Surface Laptop Go, Surface Book 3, Surface Laptop 3, Surface Pro 7, and Surface Pro X. [Find out more](#) about managing Surface UEFI settings.

⁵ Advanced Exchange Service is available at no additional charge with the following Surface for Business products: Surface Laptop Go, Surface Book 3, Surface Go 2, Surface Laptop 3, Surface Pro 7, Surface Pro X, Surface Pro 6, and Surface Laptop 2. Advanced Exchange is only available in supported markets. Restrictions apply. See Surface for Business warranty page for AES terms and conditions and list of supported markets.

⁶ Available colors may vary by market

⁷ Surface Laptop Go display has rounded corners within a standard rectangle. When measured as a standard rectangular shape the screen is 12.45" diagonally (actual viewable area is less).

⁸ System software and updates use significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB= 1 billion bytes. See [Surface.com/Storage](#) for more details.

⁹ Microsoft's Limited Warranty is in addition to your consumer law rights.
