

Cable USB 3.0-A male > USB 3.0-micro B male + USB 2.0-A male

Description

This USB 3.0 cable is made for connection and additional power supply of your USB 3.0 devices e.g. external 2.5 or 3.5 HDD enclosure to your notebook or PC. Thus you do not require an extra power supply for operation of your device. The high cable gauge of the power- and data line ensure a safe connection between your device and the system.
