System Requirements:

For Internet radio and streaming services you will require broadband Internet access via a WLAN connection.

Note for Consumers:

DAB/DAB+

The DAB/DAB+ provision is being expanded in numerous countries. Find out more about the current roll-out situation on the Internet or in a specialist retail store. A rough guide to the global network expansion can be found at www.worlddab.org

Digital Radio

00054237 "DIR355BT" Digital Radio, DAB+/Internet Radio/Bluetooth®/App, white

Control via a smartphone or tablet with the "UNDOK" app

For control via the UNDOK app, all devices must be on the same network.

The UNDOK App is available free of charge from the Google Playstore and Apple App Store for smartphones and tablets.

Spotify Connect

To use Spotify Connect you will require an account and broadband Internet access.

Bluetooth Streaming

Bluetooth streaming is possible with virtually all smartphones and tablets that have a Bluetooth module.

Automatic backlit display adjustment

If necessary, the sensor can be disabled and the backlight adjusted manually.
