
Product Information

Overview

The new Apple Pencil delivers pixel-perfect precision and industry-leading low latency, making it great for drawing, sketching, coloring, taking notes, marking up email, and more. And it's as easy and natural to use as a pencil.

The new Apple Pencil also features an intuitive touch surface that supports double-tapping. So now you can change tools without setting it down.

Made specifically for the 11-inch iPad Pro and 12.9-inch iPad Pro (3rd generation), it features a flat edge that attaches magnetically for automatic charging and pairing.
