

## SMARTER DIGITAL ADAPTERS FOR POLY QD HEADSETS

### BENEFITS

- Work hassle-free across new and legacy equipment with USB-A and USB-C connectors right on the cable
- Answer soft-phone calls from any PC, no matter what kind of USB port you have
- Get more out of your legacy headset, and your investment, with full backwards compatibility
- Walk away from your desk with a click: Poly Quick Disconnect technology works with any Poly QD-equipped headset
- Bring in an internal expert for better customer service, or join internal meetings, with instant Teams connectivity

### POLY DA SERIES (DA75, DA85, DA85-M)

Hybrid working? No problem. Poly's DA Series digital adapters keep call center employees sounding clear at home or in the office with easy USB-A or USB-C connections. Full Microsoft Teams integration gives you access to everything Teams has to offer. They even adjust audio to each specific headset, offering pro-grade call quality. The controls are simple to use, including a unique single hold button for audio and video (Poly DA 85 model). Durable enough for 50,000 disconnects, and gentle enough to preserve your hearing, these adapters upgrade any Poly QD headset to a new standard of excellence. Flexible and future-proof, only from Poly.

- Built-in USB-A and USB-C connectors
- Full backwards compatibility for any Poly QD headset
- Intelligent headset recognition
- Remote firmware and cloud system updates
- Dedicated Teams button (Poly DA85-M model)
