## SmartFit® One-Touch Height Adjustable Monitor Arm Family

Silver Grey Single Monitor Arm – Part Number: K55470EU | EAN: 5028252597128

Silver Grey Dual Monitor Arm – Part Number: K55471EU | EAN: 5028252597135

Black Single Monitor Arm – Part Number: K59600WW | UPC: 85896596004

Black Dual Monitor Arm – Part Number: K59601WW | UPC: 85896596011

**SmartFit® System** makes it easy to find a comfortable, neutral posture in seconds for long-term prevention of digital eye strain (computer vision syndrome), computer neck pain (tech neck), and shoulder pain from sitting at a desk

**One-Touch Height Adjustable Monitor Arm with Built-in Gas Spring** gives you total control over your monitor's position through effortless adjustment of its height, depth, and angle — with 170-505mm height adjustment, +/-90° swivel and monitor rotation and +/-90° tilt adjustment.

**Counterbalance Tension Adjustment** allows you to “tighten” or “loosen” the arm to accommodate a range of monitor weights with the same effortlessness and stability (Allen wrench included).

**Heavy Duty, Stability Focused Design** supports a 13-34” flat or curved monitor weighing up to 9kg (19.8lbs) securely. Tested to meet ANSI/ BIFMA performance and safety standards, Kensington durability guarantees a more ergonomic desk setup with a proper computer monitor height for years to come.

**Easy, Non-permanent Installation** mountable by C-clamp (desktop thickness range 10-85mm) or grommet (desktop thickness range 10-80mm, grommet hole diameter 10.5-50mm), installation is non-permanent and non-marking, for easy removal — tool kit included. A quick-release, detachable VESA 75/100 plate makes the fully articulating arm ideal for VESA mountable monitors.

**Cable Management System** organises and conceals cables while the arm lifts your external monitor up and out of the way, decluttering cables and clearing valuable desk space at once
