

Widest, sharpest, fastest HD video desktop collaboration

The Logitech Webcam C930e

The Logitech Webcam C930e features the widest-ever field-of-view in a desktop camera — 90-degrees — and is the first with HD 1080p H.264/SVC UVC 1.5 encoding, the newest technology that frees up PC bandwidth with on-camera video-processing. With pan, tilt and zoom functions and HD 1080p video, this webcam delivers the most professional desktop video collaboration experience yet.

Features:

- HD 1080p video quality at 30 frames-per-second
- H.264 with scalable video coding (SVC) and UVC 1.5 encoding technology
- 90-degree diagonal field of view
- HDR (High Dynamic Range)
- 4X digital zoom in Full HD
- Pan, tilt and zoom option controlled by software
- Certified for Microsoft® Lync™ 2013 and Skype®, compatible with most UC and web conferencing applications
- Carl Zeiss® glass lens with autofocus
- Convenient privacy shutter
- Plug-and-play USB connectivity
- Multiple mounting options

FEATURE SPOTLIGHT**First 1080p HD webcam to support H.264 with Scalable Video Coding and UVC 1.5 encoding technology**

Frees up PC bandwidth by putting video processing with in the camera, adjusting dynamically to the available bitstream. The result is a smoother video stream in applications like Microsoft® Lync™ 2013.

**Pan, tilt and zoom option**

Pan, tilt and zoom within the 90-degree field-of-view scene for focused viewing during desktop video conferences.*

**Certified for Microsoft® Lync™ 2013 and Skype®, compatible with most UC and web conferencing applications**

True plug and play in your favorite video apps on either PC or Mac; Supports H.264 1080p for Lync™ 2013.

**Carl Zeiss® glass lens with autofocus**

Enjoy razor-sharp images even when showing documents up close, a whiteboard drawing or a product demo.

**Convenient privacy shutter**

Easy lens enclosure for added privacy and security.

**Plug-and-play USB connectivity**

Easily connects to PCs or Macs with no additional software required.

**Multiple mounting options**

Freedom to mount the camera wherever it works best - LCD screen, notebook, or tabletop - by using the attached clip or the tripod embedded thread.

**Widest-ever desktop webcam field-of-view**

Enjoy an extended view - 90 degrees - perfect for presenting using a whiteboard or doing demos.

**HD 1080p video quality at 30 frames-per-second**

Brings lifelike HD video to conference calls, enabling expressions, non-verbal cues and movements to be seen clearly.

**HDR (High Dynamic Range)**

Ensures a high quality image and color saturation for multiple exposure ranges, so even images against direct sunlight are bright and visible.*

**4X digital zoom in Full HD**

4X zoom at 1080p provides the highest level of detail for your calls, visuals and presentations.*
