USB-C to 2× HDMI/USB Adapter

Article number: 4815232

The ARTICONA Type-C to 2× HDMI Adapter allows the connection of up to two HDMI displays, a USB peripheral device, and offers an optional Power Delivery (PD) power supply that can charge a mobile device simultaneously. The adapter supports high resolutions of up to 8K for a single display or 2× 4K at 60 Hz for dual displays, provided the connected device supports this output. Additionally, the integrated USB 2.0 port allows the connection of peripheral devices such as a mouse, keyboard, or headset. The PD power supply is capable of delivering a power of up to 100 W.

Highlights:

- **Connection of Two HDMI Displays:** This adapter allows the connection of two HDMI displays to your laptop, tablet, or phone. You can extend or mirror your workspace to work more efficiently or present content.
- **Power Delivery (PD) Charging:** The adapter supports Power Delivery with a power output of up to 100 W (20 V/5 A). This allows you to charge your device while using it.
- **Maximum Resolution of Up to 8K:** This adapter enables an impressive resolution of up to 8K (7680 × 4320 pixels at 30 Hz). If you are using dual monitors, you can operate them at a 4K resolution (3840 × 2160 pixels at 60 Hz). Please ensure that your laptop, monitor, and HDMI cable support 4K 60Hz to achieve the best possible image quality.
- **Extended Screens for Windows Notebooks with MST Technology:** This adapter utilizes Multi-Stream Transport (MST) technology to enable two extended screens on Windows notebooks. You can connect multiple monitors and increase your productivity.
- **USB Data Port:** The USB 2.0 data port allows the connection of a keyboard, mouse, hard drive, flash drive, or other USB devices for syncing.
- **Compact Aluminum Housing:** The adapter is housed in a compact aluminum case that is not only robust but also stylish.
