# HP original long-life consumables are specifically designed for and tested with your HP device

# **Maintain productivity**

Get optimal print quality and keep your printer or multifunction product (MFP) up and running smoothly with HP original long life consumables (LLCs), including fuser kits, image transfer kits, print image drums, toner collection units (TCU), and automatic document feeder (ADF) maintenance kits. When your printer prompts you that it needs maintenance, simply pull out the kit and replace parts as needed.

# **Fuser kit**

The fusing assembly in your HP device bonds toner to paper through a combination of heat and pressure. Replacement of your device's fusing assembly is simple with the HP fuser maintenance kit.

#### **Transfer kit**

Although your HP device's original transfer belt and drum are built to last, they wear down over time and may require replacement. An HP image transfer kit has everything you need to ensure your device keeps delivering optimal print quality.

# **ADF** maintenance kit

Your HP device's ADF makes scanning and copying documents fast and simple. Stay productive and keep your ADF working properly with an HP ADF maintenance kit.

# **Print image drums**

Maintain sharp, crisp and clean text and graphics with an imaging drum designed to work seamlessly with HP LaserJet toner cartridges and advanced toner formulation. Use Original HP supplies for professional-quality results.

#### **Toner collection unit**

HP utilizes several different methods to collect unused toner, paper fibres, and dust in the imaging system. Some TCUs are built into our all in one cartridge; others are physically incorporated into a long life consumable or packaged with a maintenance kit.

The TCU is an easy-to-replace, high-yield HP supply designed to reduce user-intervention rates. On many devices, the printer control panel provides a proactive alert when the TCU is approaching its end of life and you need to order a replacement.

# Easy recycling

After installing the replacement kit in your device, easily recycle your old parts for free through the HP Planet Partners Program.<sup>1</sup>

<sup>1</sup>Visit hp.com/hpinfo/globalcitizenship/ environment/recycling/product-recycling.html for more information on how to recycle parts through the HP Planet Partners Program.

# HP original long-life consumables keep your device running at peak efficiency with high-quality output
