

Highlights

- Upgrade LCD monitors, TVs and all-in-one computers* with proper ergonomics to increase viewing comfort and help reduce eye, back and neck strain
- 20" (51 cm) of lift allows users to move between sitting and standing positions
- Experience many natural benefits of sit-stand computing, such as burning extra calories, toning muscles, ramping up metabolism and improving posture
- Designed with our patented Constant Force™ lift-and-pivot motion technology, your display is easily positioned with just a light touch
- Ideal for space-constrained areas: arm extends monitor up to 33" (84 cm), then folds up to just 4.5" (12 cm) when not being used
- Integrated cable management routes cords under the arm, out of sight
- Simple installation and effortless operation
- Installs securely — locking connections between arm, extension and base offer increased theft deterrence and prevent potential disconnections caused by impacts
- Passes Ergotron's 10,000-cycle motion test
- Made with durable polished aluminum
- Includes 10-year warranty

* Computer systems mounted on this product may require extra long USB, power or video cables in order to span between standing and sitting heights

ERGOTRON®

LX Sit-Stand LCD Arms Wall & Desk Mount Wall & Desk Mount, HD (Heavy Duty)

Versatile LX arms support large displays and provide a wide range of motion with sit-stand benefits!

Ergotron's LX Sit-Stand LCD Arms can be used with a variety of devices: large displays, mid-size TVs and all-in-one computers weighing up to 25 lbs or 30 lbs. They offer unparalleled range of motion with lift, tilt, pan and rotation functionality. Plus, with 20" (51 cm) of vertical lift, computer users can sit or stand throughout the day for a healthier way to work.

Choose from desk or wall mount products, with standard or heavy duty support. You can extend your display or device up to 33" (84 cm), then effortlessly move it out of the way when not in use, making LX Arms ideal for space-constrained spaces. In addition to computer use, they are a logical choice for digital signage applications.

Also available: the WorkFit-LX Sit-Stand Desk System provides personalized ergonomics. Its modular design enables complete control of the focal distance and position of the keyboard relative to the monitor screen

Desk Mount Arm

Desk clamp attaches to edge up to 2.5" (65 mm) thick; grommet mount attaches through hole 0.5" to 2.5" (7-65 mm) wide and up to 2.5" (65 mm) thick

Wall Mount Arm can attach to an Ergotron Wall Track using bracket #97-091

Wall Mount Arm

Base includes theft-deterrent anchor holes for cable locks
Attaches directly to sturdy vertical surfaces. Where applicable, install to wood stud. (Fasteners for direct attachment to wood studs or concrete surfaces are included.)
