## **Business Webcam Gen21**

Article number: 4544929

The ARTICONA Business Webcam Gen21 makes it easy to participate in a meeting. With the webcam, you are optimally equipped for everyday office and home office use. With a 120° viewing angle and 360° panoramic steering, the field of view can be adjusted to the respective requirements. The webcam has a USB 2.0 Plug & Play connection, an integrated microphone and a clip-on function. It is compatible with common operating systems and communication tools. The focus can be adjusted by turning the silver ring.
