Premium Microfibre Cloth White

Article overview: 4193057

Thanks to its fine weaving and handy size, this microfibre cloth is especially suited to removing dust and dirt from sensitive surfaces such as glass, scanners, LCD, notebooks, mobile phones, and all types of monitors. It is suitable for both dry and damp cleaning. The cloth can be used wet or dry. It contains no chemical substances, the microfibre cloth cleans intensively but gently and can remove water and fat-based dirt in one wipe.

- Steak-free cleaning without drying
- Suitable for structured and sensitive surfaces
- Can be used damp or dry
- Washable up to 60 and therefore can be used more than once
