## Marketing

### **Dependability and Solid Performance from a Global Leader in Flash Memory Cards**

SanDisk SD and SDHC memory cards are a great choice to capture and store your favorite pictures and videos on standard point and shoot cameras. These cards are completely compatible with cameras, laptops, tablets and other devices that support the SDHC format and are capable of recording hours of HD\*\* video (720p).

- Class 4 (720p) for HD video rating in 4GB-64GB capacities.
- The brand trusted by photographers worldwide.
- Capacities up to 64GB can hold thousands of photos.
- Resilient, durable design.
- Convenient writeable label.

### **Expand Your Digital Camera's Capacity**

The SanDisk SD and SDHC card offers enough storage space to meet the memory demands of today's high-megapixel digital cameras. Available in capacities of up to 64GB, these cards can store thousands of high-resolution photos and all your favorite HD video clips.

### **More Space for Songs, Videos, and Data**

An SD or SDHC card adds extra memory to any device with an SDHC card slot. Use one to store more movies and TV shows on your SDHC enabled laptop or tablet.

### **Durable Design**

Designed to withstand the toughest conditions, the SanDisk SD/SDHC card is waterproof, shockproof, and X-ray proof. It can operate in temperatures ranging from -13 to 185 degrees Fahrenheit, so you can capture memories in almost any climate. Even if your device doesn't survive, your SanDisk memory card will.

### **Writeable Label for Easy Storing and Sorting**

The card features a blank, writeable white space on its front, making it easy to organize your digital photos.

## Warranty

The SanDisk SD/SDHC Memory Card is backed by a five-year limited warranty.
