See Wall Mounting Options for additional tools needed for your type of wall installation.

1 Determine Ergonomic Mounting Height

Set Your Workstation to Work For YOU!

- Height** Position top of screen slightly below eye level.
- Distance** Position keyboard at about elbow height with wrists flat. Position screen an arm's length from face—at least 20" (508mm). Position keyboard close enough to create a 90° angle in elbow.
- Angle** Tilt screen to eliminate glare. Tilt the keyboard back 10° so that your wrists remain flat.

- To Reduce Fatigue**
- Breathe - Breathe deeply through your nose.
 - Blink - Blink often to avoid dry eyes.
 - Break • 2 to 3 minutes every 20 minutes
 - 15 to 20 minutes every 2 hours.

2 Wall Mounting Options

⚠ WARNING:

Ensure that the wall structure is capable of supporting four times the total weight of mounted equipment. Mounting to wall surfaces that do not meet this criteria may result in an unstable, unsafe condition which could lead to personal injury and/or property damage. Consult a construction professional if you have any doubt about what this means in regard to your particular application.

Wood

Studs \geq 25 gauge steel

Hollow Wall

⚠ Requires minimum material thickness of 5/8" (16 mm).

Concrete

3 Attach to Wall

Wood

Studs \geq 25 gauge steel

a

b

c

d

e

Wood

Studs \geq 25 gauge steel

NOTE: Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.

3 Attach to Wall

Hollow Wall

1. Push anchor plate into hole.
2. Pull loop back so plate opens flat against inside surface of wall.
3. Push collar into hole.
4. Snap off loop.

NOTE: Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.

3 Attach to Wall

Concrete

WARNING:

Mounting holes must be at least 3-1/8" (80mm) deep and must be located within solid concrete, not mortar or covering material. If you drill into an area of concrete that is not solid, reposition mounting holes until both anchors can be fully inserted into solid concrete!

WARNING:

Anchors that are not fully set in solid concrete will not support the applied load resulting in an unstable, unsafe condition which could lead to personal injury and/or property damage. Consult a construction professional if you have any doubt about what this means in regard to your particular situation.

CAUTION: Make sure the wall mount bracket is level, flush and snug to the wall surface. **DO NOT OVERTIGHTEN THE BOLTS.**

NOTE: Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.

4 Attach Keyboard Tray

NOTE: Fasteners may unwind due to vibration caused by movement of mounting solution over time. Inspect mounting solution for loose fasteners on a routine basis. If desired, apply a light duty thread locking adhesive to fasteners before installation to prevent back-out.

5 Attach Keyboard

6 Range of Motion

This product is designed to adjust quickly and easily according to your needs – refer to following steps for adjustment.

a Tilt – Forward and Backward

Increase Friction

If this product moves too easily from side-to-side, then you'll need to increase friction:

Decrease Friction

If this product is too difficult to move from side-to-side, then you'll need to decrease friction:

b Pan – Side-to-Side

Increase Friction

If this product moves too easily from side-to-side, then you'll need to increase friction:

Decrease Friction

If this product is too difficult to move from side-to-side, then you'll need to decrease friction:

c Negative Tilt

7 Attach Mouse Pouch

8 Attach Cable Management
