

Lenovo Q27h-20 Monitor

Excellence all around.

Performance, in style.

Whether you are a fashionista or a professional seeking high productivity and efficiency, the Lenovo Q27h-20 Monitor is built for you. Loaded with impeccable style and advanced features that complement your home aesthetic, the monitor transforms your daily viewing experience. This 27-inch QHD resolution In-Plane Switching (IPS) display comprises an aesthetic 4-side NearEdgeless design. The combination of Natural Low Blue Light technology and an ergonomically designed adjustable stand ensures that you get a comfortable viewing experience in every way possible. The USB Type-C¹ one-cable solution provides a better, faster, and broader connectivity to other devices. A Smart Power feature eliminates power consumption issues with up to 90W power supply. The display features 95% DCI-P3 color gamut, 128% sRGB color space, 1.07 billion color support and HDR10 to provide a vivid, life-like viewing experience with Avg. Delta E<2 color accuracy at every angle - delivering an overall professional-level color performance. The thoughtfully designed space-saving stand base with a mobile phone holder not only ensures that your work environment is tidy but also offers you the added convenience of charging your phone. Moreover, you get a superior user experience with the Lenovo Artery Software², that besides basic settings, also lets you control the monitor and other devices with its advanced tools. Convenient monitor settings let you easily adjust the scenario mode, color, audio, etc., with just a single click on the mouse. Last, but not least, the dual 3W speakers with Smart Amp technology enhances your audio experience.

Lenovo

KEY FEATURES OF LENOVO Q27h-20 MONITOR

Style meets superior functionality

The Lenovo Q27h-20 is as great to look at as it is to view content - providing a perfect balance of aesthetics and functionality. The ergonomically designed monitor stand is equipped with a unique height-adjust stand with tilt and lift function, allowing you to select your preferred height and angle for a comfortable viewing experience. The monitor's trend-setting 4-side NearEdgeless design adds a sophisticated style and delivers a generous and expansive infinity viewing experience. We understand the assistive role your phone plays in everyday life. That is why the monitor-stand seamlessly accommodates your mobile in the mobile-holder, allowing you to keep an eye on your phone and keep your desk space tidy. The monitor stand's terrazzo grey color, along with the metal stand arm, adds a sophisticated touch to the overall aesthetic appearance of the Lenovo Q27h-20 monitor.

Picture-perfect

The Lenovo Q27h-20 monitor accommodates a 27-inch QHD resolution IPS display with 92.4% screen-to-body ratio that provides an infinity viewing experience to view multiple content simultaneously with high clarity. The display features 95% DCI-P3 color gamut, 128% sRGB color space, 10-bit color depth, and 1.07 billion color support giving you a premium color performance - at every angle. Prepare to be dazzled by HDR10 which displays life-like colors for a brilliant viewing experience with Avg. Delta E<2 color accuracy from every perspective. The Lenovo Q27h-20 monitor's Natural Low Blue Light technology automatically reduces harmful blue light while maintaining color accuracy - enabling comfortable viewing while working from home or studying online easy, relaxing and safe for your eyes.

Unleash an all-around experience

Enjoy content from multiple devices by connecting them seamlessly with the incredibly convenient connectivity of the USB Type-C¹ one-cable solution to a versatile range of ports, including HDMI 2.0 and DP 1.4. Work without any worries about power consumption, backed by the Smart Power feature, with up to 90W power supply. The Artery Software² allows users to easily adjust the setting of the display and elevates the viewing experience further by providing advanced tools that help seamlessly manage the monitor and other devices. Your viewing experience is enhanced with all-round audio from the dual 3W speakers with Smart Amp technology producing rich and clear audio that amplifies sound quality for on-screen action, voice conferences or online classes.
