PRODUCT

Security lock and case

PRODUCT

A new and improved 10.2-inch version of our bestseller – the Compulocks iPad Case Bundle with kickstand. The iPad lock and security bundle 2.0 is a protective solution for securing and displaying all 10.2-inch iPads. It is mobile, easy to carry and hold, and can be used in any environment.

The iPad Case and security bundle 2.0 is made of lightweight aluminum and has a concealed cable slot, as well as a high-quality cable lock to secure the iPad. On the back of the case is a kickstand that allows for both horizontal and portrait iPad display. Its compact size makes the case the leading solution for 10.2-inch iPads: protection and security for retail stores, points of sale (POS) and educational institutions, office, home use and more.
