

DELL PREMIER BACKPACK 15 – PE1520P

Designed to breeze through TSA checkpoints

ECO FRIENDLY TRAVEL COMPANION

Enjoy the option of breezing through TSA security checkpoints without removing your laptop, thanks to its TSA-friendly design. Earth-friendly and durable, its water resistant outer skin is made from reclaimed automobile windshields using Dell's EcoLoop™ solution dying process¹, keeping your devices and documents dry and protected.

COMFORTABLE IMPACT-RESISTANT

Protect your laptop and devices in style with a shock absorbing EVA foam interior and durable 1680D Ballistic Polyester exterior with black leather accents. Stay comfortably cool embraced by the backpack's "S"-shaped straps and its breathable air mesh back panel, or easily attach it on top of a rolling luggage via its trolley strap.

ALL YOU NEED ON THE GO

Conveniently charge your laptop inside the backpack while you're in transit by passing a cable through to a dedicated portable charger pocket². A discreet valuables pocket at the top of the bag offers an ideal and convenient location to stash your passport or smartphone.

Features & Technical Specifications

TSA✕

TSA checkpoint-friendly design offers you the option to breeze through security without removing your laptop

EVA+
