

Bluetooth-Headset

00177066 "LiberoBuds" Bluetooth® Headphones, In-Ear, Full Wireless, Charg.

Highlightstext:

- Full-wireless headphones for completely wireless music-listening pleasure
- Bluetooth at its best: maximum freedom of movement as both earphones are not connected by cable
- Supports the voice assistants Siri and Google Assistant: Bluetooth pairing and a multi-function button allow direct access - without having to hold the smartphone
- Integrated phone function with call answer button and microphone for smartphones
- With protection class IPX5 the earphones are your perfect training partner also when it rains
- The perfect fit reduces unwanted exterior noise so that you can enjoy your music without being disturbed
- Silicone earbuds in three different sizes (S, M, L) for an individual, perfect fit
- Outstanding sound quality without any annoying wires
- Especially small and lightweight earphones
- Secure and comfortable grip in the ear thanks to in-ear design and optimised ear hooks
- Easy use of the headset through speech information
- Smartphone function can be controlled via multi-function button (e.g. accept / make / reject calls / last number redial)
- Music control functions (play/pause)
- With charging station: this means that the headset can be charged up to 3x while on the move - thanks to the integrated battery without external power supply
- The music and talk time is at least 4 hours without the headphones needing to be recharged
- With carrying loop on the charging station, e.g. for attachment to a backpack or bag or just hold it casually in the hand

Note for Consumers:

To pair the earphones with the smartphone via Bluetooth, both earphones must be taken out of the charging tray and paired on the first connection. If this does not happen, only one earphone will pair. Follow the instructions for use.
