

Air Purification Device

00186436 "Basic" Air Purifier, 4 x Filter for Viruses, Bacteria, Pollen, etc.

Highlightstext:

- Air purifier for the removal of pollen, viruses, bacteria, fine dust, etc. from indoor air, creating a healthy room climate and promoting well-being
- Powerful quad filter: multiple filtering for hygienic room air thanks to pre, EPA (E11) and activated charcoal filters with additional cold catalytic converter layer
- Healthy air: the air sensor analyses the room air and automatically adjusts the fan speed to eliminate particles
- More cleaning power: with the optional anion function, even the tiniest particles clump together to form large clusters which are more easily filtered out - for pure air
- Suitable for room sizes up to 52 m² with a CADR air purifying capacity of approx. 200 m³/h
- Pre-filter for removing e.g. house dust and pet hair from room air
- Hepa filter for removing viruses, bacteria, fine dust and pollen
- Activated charcoal filter with cold catalytic converter layer also removes odours and off-gases such as formaldehyde
- Fine particle display: provides information about the degree of air pollution. Once normal air quality has been reached, the sensor reduces the speed of the fan
- The fan speed can also be adjusted manually
- Sleep mode: the room air is purified almost silently for uninterrupted, pleasant sleep. The display also switches off, so no light sources disturb your slumbers
- Anion function: generates negatively-charged ions (anions) and small amounts of ozone. The anions bind to the positively-charged dirt particles
- Timer function from 1 to 12 hours
- Temperature display in degrees
- Filter change indicator on the display
- Device control via remote control

Note for Consumers:

Filter service life based on daily use: approx. 6 - 12 months

Suitable for rooms up to: 17 m² (Ansi/AHAM AC-1 2015) – 52 m² (NRCC-54013-2011)

Only suitable for indoor use

Technical characteristics:

- Additional Functions: Anion Function, Automatic Function, Remote Control IR, Sleep Function
- Display: Air Quality/Filter Change/Particles PM 2,5/Temperature
- Filter: Activated Carbon Filter/Combination Filter/EPA-11-Filter/Pre / Coarse Filter
- Material: Plastic Material
- Depth: 20 cm
- Height: 60 cm
- Weight: 5800 g
- Width: 33 cm
- Power Supply: 230 V / 50 Hz
- According to Ansi / AHAM AC-1 2015 suitable for rooms up to: 19 m²
- According to NRCC-54013-2011 suitable for rooms up to: 57 m²
- CADR Value: 220 m³/h
- Cleaning Stages: 1/2/3
- Nominal Power Consumption: 45 W
- Timer preselection up to: 12 h
- Volume Sleep mode: 30 dB

Air Purification Device

00186436 "Basic" Air Purifier, 4 x Filter for Viruses, Bacteria, Pollen, etc.

- Volume Top Speed: 40 dB
- Colour: Silver
- Product Division: Home & Living

Delivery:

- 1 "Basic" air purifier
- 1 4 x filter (comprising a pre-filter, EPA (E11) filter and activated charcoal filter with cold catalytic converter layer)
- 1 remote control
- 1 instruction manual
