

# Universal USB 3.0 DV2K Docking Station with Power

ACP77EUZ

## Description

A fast and simple “One Touch” USB connection from laptop to work space peripherals at USB 3.0 SuperSpeed. Delivering superb picture quality for up to two external screens without any picture distortion or delay at a resolution up to 2560 x 1600. With 2x DisplayPorts and 2x DVI-I ports and a unique slider design to lock off ports not in use, the Docking Station ensures compatibility for future and current monitor fleet. 4x USB 3.0 ports, one port is powered and always on even when the laptop isn't connected. The unique built-in power charger supports most 90W laptops and multiple power tips conveniently store inside the dock. Perfect for hot desk environments and suitable for Gigabit Ethernet networks.
